

# Lambert Legacy Society

Betty Baur Lambert, Alpha Chi/Purdue, and her husband James made a combined bequest in 1989 that transformed the graduate scholarship program. Since then, hundreds of planned gifts—both modest and large—have helped transform Kappa Alpha Theta and the experiences of our sisters. Many members, their spouses, and families have committed to honoring their Theta legacy by including Theta Foundation in their estate plans. We thank the following donors who joined the Lamberts by expressing their intent to leave a legacy through a planned gift to Theta Foundation.

The average annual gift received from Betty and James Lambert during their lifetime was just **\$10**. Their annual gift provided immediate support to the highest funding priorities of Theta Foundation at the time, and their planned gift a leading source of funding for our graduate scholarship program.

Thanks to the Lamberts' investment in the future of Theta women, Theta Foundation has awarded more than **\$3.2 million** in Betty B. and James B. Scholarships since 1990.

"There is no greater reward for our wonderful gift of Theta friendship for a lifetime than saying 'thank you' with a gift of time or money to support and carry on the legacy that we have been privileged to be a part of and enjoy."

—Betty Baur Lambert,  
Alpha Chi/Purdue
